

## **INTRODUCTION**

**Trans Desert Contracting and General Maintenance Establishment** is a wholly Emirati - owned company, fully operational **since 1982**. Over the years, our company has played an integral role in providing a diverse array of water transmission and distribution supply services. As a result, we have developed into a technically advanced organization with the expertise to handle projects spanning a wide range of client needs.

Below is a list of the commercial activities we can provide:

- **Irrigation Network Contracting.**
- **Submain Sewerage Networks and Houses Connection Contracting.**
- **Contracting Transmission Networks and Distribution of Water along with all pertinent E&I works (where required).**

Trans Desert possesses extensive expertise in the aforementioned fields and has successfully executed numerous projects over the years.

We possess thorough familiarity with the requirements of prominent entities such as TAQA, ADWEA, ADDC, AADC, TRANSCO, ADM, ADSWS, DRM, ADNOC, MUSANADA, ALDAR, and their affiliated companies, encompassing safety standards, construction quality, and more.

Moreover, we are well-versed in adhering to local government regulations, including those pertaining to environmental sustainability and security measures. Unless specified otherwise by local regulations, our policy dictates the utilization of pioneering technology, skilled technicians, and our own array of resources, including equipment and manpower.

All projects are managed and executed in line with the Quality Assurance Procedures of ISO 9001:2015 Quality Management System.

### **Our Vision, Mission, & Goals.**

*Our organization's vision, mission, and objectives form the bedrock of our operations. These fundamental components articulate our identity, our aspirations, and the principles guiding our business and operational practices each day.*

**Trans Desert Contracting and General Maintenance Est.** is committed to delivering top-tier construction, technical, and management solutions to our clientele. We are dedicated to fostering enduring relationships with our clients, underscored by a commitment to safety, quality, prompt service, and an understanding of their evolving needs. In pursuit of this goal, we prioritize equitable treatment of all employees and actively engage them in continuous quality improvement initiatives to ensure agility and cost-effective project execution.

We pledge to uphold a professional standard in executing projects of exceptional quality, aligning with budgetary and scheduling targets.

**OUR VISION:** To emerge as a respected water works contracting leader within the communities we serve, recognized for our expertise, integrity, and the excellence of our executions.

**OUR MISSION:** To deliver to our customers unparalleled construction services characterized by superior quality at fair and competitive prices. We aim to secure the longevity of our company by fostering repeat and referral business, earned through customer satisfaction across all aspects, including timeliness, attention to detail, and a service-oriented mindset. Additionally, we are committed to upholding the highest standards of professionalism, integrity, honesty, and fairness in all our interactions with suppliers, subcontractors, professional partners, and clients.

## OCCUPATIONAL SAFETY & HEALTH POLICY

We, at Trans Desert Contracting & General Maintenance Establishment shall continually provide and maintain a safe and healthy workplace in all our projects.

Consistent with this policy, we will establish, document, implement, maintain and continually improve our Occupational Safety & Health Management Systems (OSHMS) as compliant to the OSHAD SF V3.1 requirement.

We shall:

- Commit to prevent occupational-related injury and illness in order to enhance employee health and well-being;
- Set a clear roles and responsibilities for Safety & Health performance at all levels of the organization;
- Establish a method for occupational hazards identification and assessment, and reducing and managing their risks;
- Demonstrate top management's involvement and support in all Safety & Health initiatives and strengthen employees' participation in Safety & Health programs;
- Set and review objectives and targets, ensuring an effective and continually improving OSHMS;
- Consult with our employees on matters affecting their health and safety;
- Fostering a positive health and safety culture by an effective communication, participation and consultation with our employees, visitors and contractors;
- Ensure that all our employees are competent in performing their tasks by providing information, instruction, supervision & training;
- Compliance to applicable legal and other requirements in relation to Occupational Safety & Health;
- Establish and implement an effective and appropriate emergency response plans and strategies;
- Monitor, analyze and report our Occupational Safety & Health performance through inspections, audits and management reviews;
- Communicate this policy to all employees in TDE & stakeholders;
- Periodically review and revise this policy on a continual basis, at least annually and as necessary, to ensure its relevance and appropriateness to our organization.

TDE will do its best in this direction. In addition, we shall ensure that the above stated requirements are met and implemented. We are further committed to a program of continual improvement in the performance of our OSHMS and ensure that all our business operation remains relevant, suitable, adequate and effective.

## QUALITY, HEALTH, SAFETY AND ENVIRONMENT POLICY

Trans Desert Contracting & General Maintenance Est. is committed to provide quality and excellent service in our domain of expertise in various services related to distribution of water supply in addition to the Building Maintenance, Sub main Sewerage Network and irrigation works.

Our guiding principle mandates that every project is executed in line with local requirements and regulations and to the highest of standards. Hence, we have stringent health and safety rules to implement this golden commitment practically.

We shall:

- Establish, improve and realize the policies and measurable objectives and plans.
- Provide consistent quality of work to meet and exceed the customer requirement.
- Recognize, evaluate, and manage TDE's EHS risks through the implementation of a comprehensive EHS Management System;
- Perform every aspect of our business in compliance with applicable legal laws, regulations and other internationally recognised industry standards where applicable and relevant;
- Strive to eliminate any foreseeable hazards which may result in damage to environment, accidents and personal injury/ illnesses or property damage;
- Provide clean, healthy, and safe work environment through prevention of ill health, injury and environmental pollution, arising out of the activities.
- Introduce programs which will promote employee health and well-being;
- Demonstrate the involvement and support of top management in all EHS endeavours;
- Demonstrate the consultation and participation of employees in Hazard identification, Revision of risk register and Hazard communication in relation with OS&H risks and opportunities etc.
- Communicate this policy to our employees and our stakeholders
- Reviewing and revising this policy on a continual basis, at least annually and as necessary, to ensure its relevance and appropriateness to our organization.
- Optimum utilization and conservation of energy resources through reduces, recycle and reuse and reprocess methodologies and minimize waste generation.
- Integrate Management system in all activities with focus on sustainable growth and development in effectiveness of the established QHSE management system.

Consistent with this policy, we will establish, document, implement, maintain and continually improve our Quality, Health, Safety Environmental (QHSE) management systems that are consistent with the requirements of the international standards ISO 9001: 2015, ISO 45001:2018 and ISO 14001:2015.
